

OSA 1097-62

MEMORANDUM FOR : Acting Director of Central Intelligence

25X1A SUBJECT : [REDACTED]

25X1A

1. Recalling our several conversations of the past few days having to do with the ultimate disposition of [REDACTED] on which subject you indicated you had resolved the matter in favor of transferring responsibility and control wholly to the DD/R, I have been advised by Mr. Cunningham that you approved the OSA Operational Program for FY 1963 under date of 29 August 1962. Mr. Cunningham noted that in approving this document you did not alter the qualifying statement inserted by [REDACTED] as Acting Deputy Director (Plans) on 1 June. This statement read:

"Concurrence in this Program, which includes [REDACTED] in no way implies that [REDACTED] has been or will be transferred to DD/R. No decision on this matter has yet been reached."

2. I realize that this may have slipped by you as you signed, but in view of the pressing necessity for OSA to furnish the Agency Comptroller with projected personnel and funding statistics for FY 1964, I should like to remind you that [REDACTED] directly involves [REDACTED] positions between Headquarters and the Field and an amount of around [REDACTED] for FY 1964. Busy as you are, I should only like to suggest that the sooner this contentious matter is resolved by a formal disposition of [REDACTED] the better it will be for all of us.
